

## Food From The Heart

Welcome to the Hospice Family! We are pleased to be able to provide a range of supports to you and your family at this time.

Food From The Heart is a six month program which assists individuals and their families when they are on the Palliative Care program facing life-threatening illness and financial hardship.

In partnership with the community and Sobeys, the Colchester East Hants Hospice Society provides eligible families with Sobeys gift cards. This initiative is funded through the semi-annual drives which invite local Sobeys customers to add a donation of \$2 or more to their grocery bills. All monies raised benefit local families.

The Sobeys gift cards can be used at any Sobeys, Foodland and Price Chopper stores, as well as some Needs/Fast Fuels convenience stores. Any unspent balance remains on your card for future use.

Every second Monday the cards are ready to be picked up at 89 Queen St. or mailed out. If you are unable to pick up the gift cards, let the office know and we will assist you in making other suitable arrangements.

If you are admitted to the hospital the program may be put on hold until you return home. When a Food From The Heart client dies, the family of the client will receive their final gift card on the Monday following the death.

Everyone in the family is encouraged to access other supports available through Hospice.
